Question:	What did you dislike about the course? Do you have any suggestions to improve the course?
Response Rate:	50.00% (3 of 6)

1	n/a	🔍
2	Sometimes the pace in class was too fast and it was very difficult to keep. Going through examples at a slower pace would make it easier to learn. Taking notes so quickly was also hard because the pace was so fast at times.	🔍
3	I think the pace is a little fast for me. I know that it's a summer course so everything is condensed but I feel like there is a little room for us to slow down a smidge., especially since I am taking this class for the first time and the majority of the class is taking it for the second time.	🔍

Question:	What did you dislike about the instructor or method of instruction? Do you have any suggestions to improve instruction?
Response Rate:	50.00% (3 of 6)

1	The pacing is a little fast I think it would be helpful if he slowed down just a little bit when running through problems because sometimes he completes them so fast I don't have time to follow what he is doing and why he made specific choices in problems.	🔍
2	The pace at which we went was sometimes too fast.	🔍
3	He needs better aim when throwing dead markers in the bin.	🔍
